

January 2021: Challenge Sheet 2: I hope your children enjoyed the Challenges set in Week 1 as much I enjoyed seeing them.

For Essex send evidence of completed challenges to admin@essexchildrensuniversity.co.uk and for Suffolk to manager@suffolkchildrensuniversity.co.uk

Let's Craft: String Printing

You will need: Cardboard, string, glue, paint, paper

Step 1: Think about the design you are going to do. You might want to draw it on the cardboard first.

Step 2: Glue the string on your outline.

Step 3: Using paint, carefully add the paint to the string image you have made.

Step 4: When you have a good coverage, turn over and print on a piece of paper.

Experiment with as many designs as you like.

Can you create another piece of art using the paint, string and paper in a different way?

1 hour of CU Learning

Braille

Our friends at London South East Children's University (Bexley) have created a Braille Challenge...find out all about Braille and how it is used as a way of communication for people with visual impairment. We have uploaded this to our website [and you'll find it if you click here.](#)

2 hours of CU Learning

Winnie the Pooh Day

National Winnie the Pooh Day is held on January 18th.

This day celebrates the birthday of the author of the Winnie the Pooh stories. His name was A.A. Milne

To celebrate this day:

Learn how to draw Winnie the Pooh. [We have added a tutorial to the website here.](#)

Colour in your drawing with the finishing touches to bring your Winnie the Pooh to life.

1 hour of CU Learning

Science with Dr Jo

Can you investigate sound, vibrations and pitch? What else can you find that make a sound?

Dr Jo has set another wonderful learning challenge which we have added to our website too, [which you will find on this link.](#)

1 hour of CU Learning

Community Safety and Wellbeing

What 3 Words

Imagine you are out with your family on a long walk and one of you is injured. You call 999 to call an Ambulance and the Control Operator asks for your location.

What would you do if you weren't sure where you were?

This is where What 3 Words can help you. You can download the app for free on your phone.

Every 3 metres square of the world has been given a unique combination of 3 words. Download the App and use it to

- 1: Find out the what3words location for your house.
- 2: 10 different places near to your home.

- 3: Have a look for a landmark in another country too. [30 minutes of CU Learning on confirmation that the challenge has been completed. No address details to be shared with me](#)
